

Thank you for signing up for the Green Impact for Health Conference 2020

During the Green Impact for Health Conference we will be using **crowdbeamer** to reduce the use of paper handouts and offer you the best audience experience. Crowdbeamer will beam all presentations in high quality straight to your laptop, tablet or smartphone.

This will allow you to watch all presentations on your laptop, tablet or smartphone, capture and store slides and make notes on the spot! The only thing you need to do is **download the free crowdbeamer app today** on the personal device you will be bringing along.

Go to <https://www.crowdbeamer.app> or use the QR Code below

In case you want to know a bit more about this app, watch this 1-minute YouTube video.
