

Thank you for presenting at the Green Impact for Health Conference 2020

During the Green Impact for Health Conference we will be using **crowdbeamer** to beam your presentation straight to all portable devices of your audience.

Create long-term impact with your message.

Crowdbeamer will enable everybody in your audience to capture what they see, complete it with notes and share with others. That audience engagement helps create long-term impact with your message and will make your presentation even more successful.

In case you want to know more about crowdbeamer, watch this short YouTube video.

Go to: <https://www.youtube.com/watch?v=KTLDFMAMfAQ>

No action is required on your part.

All you'll need to do is give your full attention to your audience.

Crowdbeamer will stream your presentation content in real time to your audience, giving everybody a clear view of what you present. At the same time, we will also project your content on the big room display. All you'll need to do is give your full attention to your audience.

Any questions? Don't hesitate to send us an email at amanda.jarvis1@nhs.net

We are looking forward to seeing you at the conference
