

**Chronic Disease Specialist Nurse and Quality Outcome Framework (QOF) Nurse
Monday to Friday: 37.5 hours per week (Permanent)**

Annual Salary: Competitive

Closing Date: 25th April 2019

Interview Date: week commencing 29th April 2019

We are currently looking for a hardworking, reliable person with excellent attention to detail skills to join our innovative forward thinking team at Frome Medical Centre.

Essential Qualifications:

- Current Registration – RGN BSc (Hons)
- At least 2 Diplomas in the management of Diabetes, Asthma COPD, Heart failure or the Management of patients with Coronary Heart disease
- At least 2 years recent primary and community nursing experience
- Experience in nurse-led management of long-term conditions in a primary care setting

Responsibilities will include:

- To lead nurse delivery of QOF for chronic disease at Frome Medical Practice as part of clinical governance team
- To attend monthly QOF meetings to review practice performance against QOF targets
To undertake nurse led quality improvement projects as specified in QOF requirements
- To support patient centred and appropriate goals setting for those with multiple long term conditions particularly those with frailty

To apply, please complete the official Frome Medical Practice application form and email to: somccg.frome.hr@nhs.net
